## HARD WORKERS

### Full coverage

All applications available and ready for shipping

### Driven by innovation

WAI's innovative technologies offer reliability and powerful performance. Super efficient components keep power transmission at its peak to keep electrical systems working at optimal levels in harsh conditions

### OEM equivalent

All parts and components are tested against OEM specifications, we test throughout the manufacturing and assembly process and provide a comprehensive print out of the results with every unit.

### Built in Quality

WAI engineers and manufactures the critical internal components of all starters and alternators. Quality is built in, tested and proven with over 40 years of global development experience.

### 100% NEW

All units are built with 100% new parts and components. We use super tough internal components for harsh conditions and long run times.

Alternators effortlessly keep batteries at max charge with significantly reduced power drain due to high quality bearings and power generation components.

Comes with operating test results in the box.
