

# MAF SENSOR

## GO WITH THE FLOW

### INNOVATIVE SMART SENSOR TECHNOLOGY

Smarter and more accurate sensors leads to higher efficiency and more power when needed. WAI's patented technology brings next level metrics to vehicle management systems to make better, more informed decisions in realtime.

### PREMIUM TRANSPONER ELECTRONICS

Transpo electronics is the leader in quality internal components backed by WAI's extensive testing and quality requirements.

### OEM EQUIVALENT

As an OEM supplier, we ensure that all parts and components are tested against OEM specifications to equal them, or exceed them.

### PERFORMANCE LEGACY

WAI'S MAF sensors are the standout leader in performance under extreme temperature conditions (-40°F to 250°F).

### FULL COVERAGE

Be confident we have you covered with our extensive range of all makes and models. We remain the leader of first to market products, all developed with our innovative technologies and high endurance components.
